

Pecan Pie

from Aunt Dorothy
(my dad's youngest sister)

Dear Joe,

I got your thank you card. By the way, our address is 1324 Azalea Lane, not 1325.

You asked for a pecan pie so here it is. I fix it often, and I find it good and easy to fix. It came from a restaurant in Austin called The Old Pecan Street.

Old Pecan Street Special

- 4 large eggs → try 3 eggs
- 1 cup light corn syrup
- 2/3 cup sugar
- 3 T melted butter or margarine
- 1 T vanilla Extract
- 1 1/2 cups coarsely chopped pecans
- 1 unbaked 9 inch deep dish pastry shell.

Combine first 5 ingredients; stir in chopped pecans, and pour into pastry shell. Bake at 350 degrees for 50 to 55 minutes. Cool on a wire rack. That's it. Enjoy!!

→ cover 2nd half

Love,

Aunt Dorothy
