

LOLA'S PICKLES
DELICIOUS

FILL QUART JARS WITH 3 INCH SIZE CUCUMBERS (CLEAN AND DRY). PUT DILL, SOME ONIONS, GARLIC AND 2 TO 3 CHILI PETINES DEPENDING ON YOUR TASTE IN THE JAR. ALSO PUT IN A GRAPE LEAF IF YOU WANT. PUT ALL OF THIS IN THE JAR FIRST. THEN STUFF CUCUMBERS IN JARS. FOR EACH JAR ADD 1 TBSP CANNING SALT, 3 TBSP SUGAR, AND 1/3 CUP 90 % VINEGAR. I USE NATIONAL BRAND VINEGAR WHICH HAS A PICTURE OF A WOODEN BARREL ON THE LABEL. THIS IS THE BEST CANNING VINEGAR. THEN I FILL THE JAR WITH WATER UNTIL I GET TO THE NECK. RAIN WATER IS BEST SO GET READY AHEAD OF CANNING TIME. PUT DISH PANS OUT FOR RAIN WATER AND STRAIN INTO MILK JUGS. SAVE THIS FOR CANNING. (A GOOD HINT.) SEAL THE JARS AND PUT THEM IN A WATER BATH TO BOIL UNTIL THE CUCUMBERS TURN COLOR. THEN TAKE THEM OUT AND LET COOL. REMOVE THE SCREW BANDS THE NEXT DAY.

AN OLD SCHOOL FRIEND OF MINE USES THE SAME RECIPE AND THE SAME PROCEDURE BUT ONLY USES 1/2 CUP SUGAR INSTEAD OF 1/3 CUP.

GARLIC PICKLES
BARBARA'S FAVORITES

IN EACH QUART JAR PUT 2 SERANO PEPPERS, 2 PODS OF GARLIC, FRESH DILL AND GRAPE LEAVES. ONIONS MAY ALSO BE ADDED. FILL THE QUARTS WITH NICE CUKES. BOIL TOGETHER 8 CUPS WATER (RAIN WATER IS BEST), 1/2 CUP CANNING SALT, AND 4 CUPS OF 90% VINEGAR. BOIL THIS AND POUR OVER THE CUCUMBERS. LEAVE 1 INCH HEAD SPACE. SEAL TIGHT. WAIT FOR 6 WEEKS AND EAT.

I FOUND THIS YEARS BACK IN A SAN ANTONIO PAPER. IT WAS FROM A MRS. C. WELLS.
